Deputy Assistant Director for Basic Intelligence/CIA

NIS Production Schedule

1. Attached is your production schedule for the remainder of the current fiscal year. This was revised from time to time in response to estimated submission dates shown in monthly progress reports, a practice that has resulted in confused planning for processing and publication, and difficulties in coordination. Adherence to the submission dates shown in the schedule is expected. If further changes are to be proposed, the contributing agency will state in detail the reasons therefor in a written request to the Chairman, NIS Committee, Central Intelligence Agency, 2400 Alcott Hall, 2430 E Street, N. W.

2. Attached also is a monthly report showing the status of production and the quality ratings on NIS units submitted to OBI during this fiscal year.
